Terms & Conditions

The travel agency commission program is designed to track and efficiently discount your commissions on behalf of Impressive Resorts & Spas properties.

The Impressive Resorts & Spas commission program is designed on four (4) percentage scale levels; Junior, Intermediate, Senior and Pro.

The Impressive Resorts & Spas commission program starts from 12% up to 20% commission depending on the number of nights accumulated by the travel agent.

The count of the number of accrued nights is only valid for twelve (12) months of the current year, starting from the time the travel agent has registered in the Impressive Agents platform, once this period is over the agent starts a new count from the level in which he/she has closed the year.

The percentage (%) and commission payment applies only to the travel agent registered in the Impressive Agents platform.
